Jones and Stone Turn From His Policy of Sure Defeat.

CHICAGO, Nov. 28 .- A special to the Times-Herald from Carbondale, Iil., says: James K. Jones and William J. Stone, chief manipulators of the Democratic national machinery, have pre pared for their Thanksgiving dinner by a carefully worded advice to the party to rid itself of William Jennings Bryan and his pet isms of 16 to 1 and anti-expansion.

"Whether Mr. Bryan will be a candidate for the presidency in the near future remains to be seen," smilingly said National Chairman Jones of Lit-tle Rock last Thursday, "but it is not probable that he will. It is more reasonable to presume that he would decline the nomination, even if it should

be offered him."
"My belief is that the Democratic party has been too much a party of negation in recent years," writes Na-tional Vice Chairman Stone in a letter

plain warning to the Nebraskan that rejection will be his portion if he again seeks party leadership, but in the letter from Mr. Stone there something of even greater national importance. Mr. Stone takes the pub lice into his confidence on another important matter. He acknowledges Departed.
